

Online Giving Options

- **Generosity**

Generosity by LifeWay is opening its digital giving platform to all churches immediately. If your church currently is in need of a digital giving solution this is a very quick and easy opportunity with no setup or monthly subscription fees.

- **PushPay**

PushPay is a mobile app that provides tithing services, and also gives church leaders the ability to send announcements, upload sermons and provide other useful resources and information.

- **PlanningCenter's Church Center App**

Church Center is a mobile app that allows church members to give, check-in their families, join groups, manage their personal profile, and register for events.

- **Servant PC**

Servant PC is a church-based software that allows remote giving through app, website, and texting opportunities. They also offer kiosk and swiping services on-site.

- **Givelify**

Givelify provides giving services via an app for non-profits and places of worship. It also offers an opportunity to link Givelify to preexisting church apps, allowing church members to give through their usual app.

- **Easy Tithe**

EasyTithe is a church-based software that offers giving opportunities through app, website and text message. They also provide other resources to help churches promote giving.

- **Pay Simple**

Paysimple is a provider of payment management solutions. Church members can give online through either direct-debit from their checking account or credit card.

- **ACS Software Solution**

ACS is a church-based software that allows giving through app, website and text message. Users can also collect money for specific goals, such as mission trips or a building fund.
